

## Quality and Safety Policy

The Management of **Fábrica de Alimentos Santa Clara S.A.**, aware of its position in the food chain and the need to provide safe food, undertakes to:

- Producing safe food in compliance with legal requirements and to meet the needs and requirements of our customers.
- Have a Quality and Safety Management System designed to ensure compliance with objectives and improve them daily.
- Provide the necessary resources to ensure that Food Quality and Safety are part of the business vision.
- Maintain fluid internal communication between all members of the organization and all interested parties.
- To work so that the values, beliefs, and actions in Food Safety Culture are transversal in our organization.

*"Compliance with this policy is the responsibility and commitment of all of us who make up the company".*

*Fernando Spárvoli*  
**Manager**
